### record

- Actual results: A total of 22 shipment arrangements have been made
- AASC has branch offices in Thailand and Shanghai, so You can grasp the status of cargo in a timely manner.
- Because we obtained a paint draft certificate in China in advance, It is now possible to import without weight restrictions.

## 9. Promise to our customers

We will deliver safety and security.

- Global and uniform service
- Secure space even during the busy season
- Proposal of the optimal schedule
- Timely report on legal systems and trade rule revisions in each country

# 10. Global and uniform service

Proposal for planning the most efficient logistics strategy and building a logistics system

- 1, Continuation of zero claim results
- 2, Organize a dedicated team with logistics experts
- 3, Wide network to expand globally Offering
- 5, Response to urgent matters

# 11. Secure space even during busy season

By dealing with a large number of shipping companies, we will secure a reliable space even during the busy season. (Achievements of **100 % securing of space requests from shippers** )

AS ONE, WE CAN.

<Part of AASC -appointed shipping companies and airlines >

# 12. Efforts to secure secure space

---

## **1, As a logistics professional, research shipping companies on a regular basis**

- Check the financial status of the shipping company every month.
- Exchange information with the sales staff of the shipping company and collect live voices from the field.
- Exchange the latest information with partners in each country at any time.

## **2, Research by credit bureau**

- THE JOURNAL OF COMMERCE
- DOT (UNITED STATES DEPARTMENT OF TRANSPORTATION)
- Shanghai Transportation Bureau, China
- Teikoku Databank, Tokyo Shoko Research

**AASC network and grasping the political and economic situation of the world,  
Even in an emergency, we will minimize the risk and contribute to your company's  
smooth business.**

# 13. Proposal of the optimal schedule AASC

---

1, CARGO READY , optimal schedule selection according to delivery date

- Understanding the situation of your company, loading area, and landing area, and schedule

We will make a match.

- We provide flexible delivery.

( Warehouse storage by adjusting delivery date, split delivery, etc. )

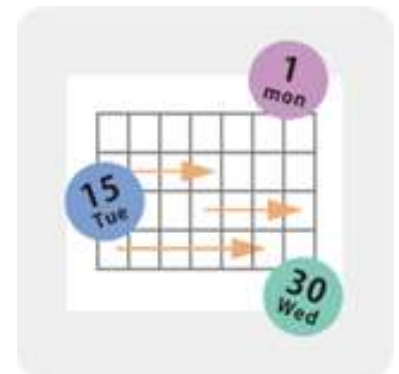

2, Utilization of management table

- Report the progress of the projects being arranged in a timely manner on the management table.

You can significantly reduce your company's trace time.

- You can check the necessary information at a glance on the management table.

It can be used as a past performance table.

- 1, We collect information regularly with each shipping company.
- 2, By keeping in close contact with partners in each country  
Understand the latest local rules and port conditions (strikes),  
I will share it with you.

# 15. Request to customers

## About building long-term partnerships

- ⦿ Request for long-term stable quantity
- ⦿ Call for bid participation
- ⦿ Opportunity for regular information exchange
- ⦿ Utilization of trading company department

( example : paint FROM LCB to SHA)
